

## Mineral Wool - Product Specification

---

IPS Mineral Wool Insulation

### **Product Overview:**

High-density basalt rock insulation.

### **Specifications:**

- Temperature: Up to 700C
- Density: 80-200 kg/m<sup>3</sup>
- Thermal Conductivity: 0.034-0.045 W/(m.K)
- Fire: Non-combustible (A1)

Forms: Slabs, wired mats, pipe sections

Compliance: ASTM C592, EN 14303
